We are fully aware that all studios are doing their best to maintain the 3 m distance rule and cohorts of eight not including any related siblings. We understand that there may be moments where students do make mistakes and come in close contact accidentally. This will not result in any deductions or disqualifications. We are just happy to see the kids try their best in these difficult times.

THANK YOU!

We would like to thank all the participating studios, families and dancers that helped us make this event possible. This year I looked at my students and I knew I had to do something. I couldn't change what was happening but I could try my very best to find a goal for my students. Your teachers and directors have the exact same vision for your students. To give them the closest experience we could to a competition season. With all this passion for dance, we hope to give a spark of joy to each participating dancer.
